Guide for connection to eduroam network – iOS

Before setting up the device, it is necessary to set the eduroam password:

- a. My CZU Mobile App (available on Google Play and App Store)
- b. Employees at https://intranet.czu.cz/
- c. Students at <u>https://is.czu.cz/</u> (password is only generated and when you change your password in My CZU App it is not synced with the IS.)

Setting up is easiest to do with the eduroam CAT configuration application.

1) Now open the https://cat.eduroam.org/ page in your web browser and follow the pictures below.

2) Now you need to go to the phone settings, login data to the eduroam network.
